

Adobe Acrobat Sign: Mentoring

Description:	DynAPPix's Mentoring Services demonstrate how to apply Adobe Acrobat Sign skills to configure the environment and to implement specific client use cases. Our team will provide tailored guidance and support through a personalized two-hour session using the client's custom use cases. Examples are shown below.
Participants	Targeted 1-2

Benefits

- Hands-on mentorship from Acrobat Sign / Microsoft experts
- Access to advice and recommendations for custom development solutions
- Immediate returns on time spent utilising Adobe Acrobat Sign

Example Delivery

Example 1 (2 hours) – Acrobat Sign Administration

- Account setup
- Account branding
- Applying email templates
- Advanced features and custom settings
- Q&A

Example 2 (2 hours) – Document Automation

- Applying text tagging to documents
- Creating Sign workflows
- MegaSign
- Q&A

Example 3 (2 hours) – Session Review

- Leveraging Power Automate for enhanced workflows.
- SharePoint integration
- Q&A

Assumptions

1. The Client has purchased their Adobe Sign licenses prior to the initial session
2. Relevant Client software licenses have been provisioned and the client has access to them prior to the start of the mentoring session.
3. The session is provided utilising Microsoft Teams, with the web conferencing link being provided at the time of scheduling.
4. The package is delivered remotely and will involve DynAPPix guiding the client in the deployment and implementation.
5. Sessions are not available for recording or distribution
6. Cancellations or rescheduling a session must be done a minimum of 2 business days in advance. The client will be responsible for full payment of any session cancelled with less than the required notice.
